

# NUTRI Shield™ INSECT REPELLENT

Garlic Herb

Lemongrass Herb

Peppermint Herb

## Nutri Shield™ for Lawn, Garden & Patio

**Nutri Shield™ Lawn & Garden Formula** is a multi-use pest repellent **AND** plant growth bio-stimulant. It repels insects such as mosquitoes, fruit flies, white flies, psyllids, mealy bugs, aphids, thrips, fleas, no-see-ums, gnats, springtails and many other insects that destroy plants and annoy people and pets. It keeps rabbits and deer from eating your valuable plants and also keeps ducks and geese off your property. Nutri Shield is great for house plants and greenhouses, ornamentals, fruit trees, flowers (*especially roses*), vegetable gardens and turf. High in natural organo-sulphur compounds, it greens up crops, intensifies blooms, enhances vegetable yields and promotes beneficial microbial growth in the soil which enhances root development and nutrient uptake. **Nutri Shield™'s** pleasant lemony-peppermint scent is welcome anywhere, anytime. It keeps working long after people can no longer smell it, and lasts up to two weeks per application indoors or outdoors.

## Garlic in History, Science, & Culture

Garlic has been in use in homes across the globe for centuries. With its roots in Chinese, Ayurvedic, European and American Folk Medicine, **no natural pest repellent can claim greater appeal than garlic.** Garlic's touted benefits include: insect repellency, animal pest repellency, elimination of parasites, anti-septic and anti-microbial properties. The wide use of garlic throughout history coupled with modern research adds to its welcome and ready acceptance by the general public.

## The "Natural" Trend

For more than a decade, natural products have gained traction in the consumer marketplace in all areas from foods to supplements and from health care to lawn care. Consumers are becoming increasingly aware and concerned by the health and environmental impact of synthetic chemicals. **The Nutri Shield™ line of products provide an effective alternative to chemical pest repellency that is Safe, Natural and EPA Exempt!**

## A Growing Concern

There has been a growing concern in the press regarding mosquitoes, ticks, and other pests. Consumers and business owners are actively seeking out safe, natural and sustainable solutions. **Nutri Shield™ provides the most effective natural alternative blend packaged and labeled for a wide array of applications.** Consumers seeking the best insect repellents available for home gardening, pets, outdoor activities, sports, recreation, livestock, horticulture and agriculture can now rely on: **Nutri Shield™!**

**NUTRI SHIELD™ IS CERTAIN TO DRAW AND SATISFY CUSTOMERS WORLDWIDE!**
